Pages: One

Subject: Information Update for Media... 4 p.m. Final for Friday.

Survey

Delimitation survey trapping and fruit cutting is conducted to determine the geographic distribution of fly finds for eradication and quarantine purposes. Once a property is determined to be infested, the focus of delimitation survey shifts to outlying areas. Treatment and quarantine boundaries are changed only in response to new detections beyond already infested properties. The date of the last fly confirmation is 12/26/02. No additional confirmations were made today that impact treatment or quarantine area. The project is currently trapping 180 square miles.

Regulatory

A map of the official Mexican fruit fly quarantine is available at www.cdfa.ca.gov under the "Hot News Items" link. Maps are also available at project office on Valley Center Road. To date, 619 persons have signed compliance agreements covering approximately 10,053 acres of host crops. These agreements specify pre-harvest and post-harvest treatments allowing commodities to move in commerce. Hold notices have been placed on properties where adult flies or larvae have been found to prevent the spread of the pest.

Treatment

Treatments and removal of fruit at larval properties continued today.

Phonebank

Residents with questions may call 800-491-1899. The hotline will be staffed from 8 am to 2 pm Saturday, closed Sunday, 8 am to 8 pm Monday, 8 am to 5 pm Tuesday (New Year's Eve), closed Wednesday (New Year's Day), and 8 am to 8 pm Thursday and Friday.

Meetings/Other

Growers, packers, shippers and others with questions about regulatory requirements may get information or sign compliance agreements to facilitate crop movement at the project headquarters located at the county maintenance yard just off Valley Center Road, near Cole Grade Road. Hours of operation are 8 am to 4 pm Saturday, closed Sunday, 8 am to 4 pm Monday, 8 am to noon Tuesday (New Year's Eve), closed Wednesday (New Year's Day), and 8 am to 4 pm Thursday and Friday.

News media may reach a project public affairs officer weekends and evenings by calling the project hotline 1-800-491-1899.
